EXPERIENCE

Maseev Invisible Digitals, Lagos — *UI & Web Designer*

Mar 2023 - Present

Crafting clean, user-friendly designs that balanced visual appeal with usability. My role focuses on creating responsive, accessible interfaces that support both user needs and business goals.

Kenrow Digitals, Lagos — *Wordpress Developer*

Mar 2024 - Apr 2024

Built and customized responsive websites, delivering user-friendly designs and ensuring performance, accessibility, and SEO best practices.

EDUCATION

Lagos State University, Lagos — *B.Sc. in Chemistry*

Feb 2020 - Feb 2024

My Chemistry degree equipped me with a strong analytical mindset and systematic approach to problem-solving, providing a valuable foundation for my transition into frontend development.

Altschool Africa, Nigeria — *Diploma in Frontend Engineering*

May 2024 - May 2025

AltSchool Africa's intensive program provided me with the practical expertise and hands-on experience essential for building dynamic and responsive web applications, directly preparing me for a career in frontend development.

PROJECTS

Curamap — A web application that aggregates registered online Pharmacies.

Patients often face challenges in finding and obtaining prescribed medications from local pharmacies, leading to delays and stress. CuraMap solves this by aggregating multiple online pharmacies, making it easier to search, compare, and order medications from verified sellers in real time.

SKILLS

HTML, CSS, JavaScript.

React.

Tailwind, TypeScript.

Git & Github.

AWARDS

Best AltHub project, Karatu 24/25 AltSchool Africa.
